IN MEMORY OF
Maggie May

"In Memory of Maggie May" was established to raise funds that will financially assist families in need with the specialty care that their pet requires.

Maggie May was our beloved Jack Russell Terrier. Maggie was born January 21, 1999, but sadly lost her battle with Lymphoma, October 11, 2012. She passed onto heaven as she lay peacefully in my arms, surrounded by those that loved her. She is missed every day, she will never be forgotten and her spirit will always be with us.

Her loss devastated us. I had to hold on to her memory. We began making bandana's and quilted blankets in her memory. These were donated to the SPCA, specialty hospital, and many rescue dogs. It helped us through a difficult time. We have dedicated these to Maggie May and to those before and after her, to honour their courageousness in their battle with cancer.

We have since adopted a 3 year old JR, named Jackie. We are sure Maggie sent her our way and Jackie is now "supervisor" of bandana and blanket making.

Our goal now is to raise much needed funds and are excited to be partnered with Healing Paws Veterinary Care in Port Moody. We will donate a bandana to every patient that comes for the Senior Checkup, while Healing Paws will donate the funds towards the Foundation, to be used for those in need.

We do not want to see families euthanizing, or giving their pet up to a shelter, unnecessarily. We would like to keep the families together! Together, we will make a difference!

Eva Reid, Maggie May's Mom
